## RANCE Bengal Lane, GREENS NORTON

Information in respect of this operator is extremely limited. It is however known that Rance ran a model T Ford bus from Greens Norton via Towcester, Blisworth and the main A43 road to Northampton where he terminated at the yard of Henry Oliver's Garage in George Row. As this latter garage was the main Ford Agent it is a fairly safe bet that Oliver's supplied the Ford T to Rance.

The best estimate of the period during which Rance provided his service is from 1929 to 1930, ceasing to trade prior to regulation in the form of the Road Traffic Act of 1930.
