ELKINS. Thomas WELFORD

Kelly's Directory for Northants for the years 1906, 1910 and 1914 show Thomas Elkins of Welford as an omnibus and coach proprietor and that is the total knowledge the Author has of this operator.

The entries for all three years no doubt refer to horse buses and as Welford Station on the Rugby to Market Harborough line was near the village of North Kilworth it is likely that Elkins provided bus connections to that rail station known as either Welford & Lutterworth or Welford & Kilworth during the 1906 to 1914 period.
